

FRANK JOHNSON
SENIOR VICE PRESIDENT,
ENERGY OPERATIONS

Frank Johnson is senior vice president of energy operations for Consumers Energy, the principal subsidiary of CMS Energy. He has overall responsibility for customer operations, electric and natural gas delivery systems operation and maintenance, including natural gas storage.

Johnson previously served as senior vice president of electric transmission and distribution for Consumers Energy. In 1999, he was named president and chief executive officer of CMS Energy's international electric and gas distribution unit, CMS Electric and Gas Co. He was responsible for managing all operational and commercial activities of the company's international utility assets. They include electric distribution systems in Argentina, Brazil and Venezuela. Combined, the companies provide electric service to more than 450,000 customers.

In 1996, Johnson became vice president of energy distribution for CMS Electric and Gas and general manager of its EDEERSA electric distribution utility in Entre Rios, Argentina. Before that, he was executive manager of electric business support, regional general manager and district manager for Consumers Energy. After joining Consumers Energy in 1970 as a meter reader, he held increasingly responsible positions in the Pontiac, Bay City, Battle Creek, Kalamazoo, Lansing and Jackson offices.

Johnson earned a Bachelor of Science degree in marketing management from Detroit College of Business and a master's degree in management and supervision from Central Michigan University.

He is a board member and past chairman of the American Association of Blacks in Energy. Johnson also serves as vice chairman of the board of trustees and chair of the finance committee for Siena Heights University in Adrian, Mich. He is a board member of the North American Energy Standard Board (NAESB) and a past board member of FFA Foundation.
